Video/still images and information on each of the lots offered may be viewed anytime prior to the sale at [www.LiveCattleSales.com](http://www.LiveCattleSales.com). You do not need a bidder name or password in order to preview the sale offering prior to the sale.

On sale day, if you have registered and were assigned a bidder name and password, an additional button will appear saying “Enter Auction” approximately 20 minutes before the sale starts. Click there and you will be prompted for your bidder name and password.

If you don't see the “Enter Auction” button, keep clicking your “Refresh” button on your Internet browser menu until it appears. Once you enter the auction, you will see an image of a spinning clock.
